

IT'S TIME FOR
Stressless[®]

It's about time.

Stress is an unavoidable part of every day lives. Our days are busily packed with the essential tasks that life invariably brings. We work, clean, exercise, travel whilst trying to find time for the important people in our lives. No matter where we are in life it can seem that we are always chasing time. Indeed stress itself has been named the health epidemic of the 21st century by the World Health Organization. Have we forgotten how to relax? Are we so busy living our lives that we have stopped listening to our bodies, telling us to calm down and just put our feet up?

At Stressless® we believe in a balanced life, one where you can have an active lifestyle, whilst making room for relaxation and calmness. A life where you from time to time can just sit down, recharge and gather the energy you need to face whatever life throws at you.

**IT'S TIME FOR
Stressless®**

It's time to take a break.

It's important to create a sanctuary in your home, a place where you can forget about all the must-do's and just be.

Stressless® furniture is designed with your body in mind. That's why we make the most comfortable chairs, sofas and dining chairs in the world.

Our furniture helps you to sit down and relax in the most comfortable way possible.

Norwegian quality since 1934.

We are Located in a small town in western Norway.
A beautiful place in a fjord surrounded by majestic mountains.
This scenery is where we find the inspiration to our unique designs.
Craftsmanship and the love of furniture has been passed through
generations, making our chairs the most comfortable in the world.

Designer: Rikke Wold

It's time for comfort.

We aspire to create furniture with unparalleled comfort. With a highly skilled team of designers, engineers and skilled furniture makers we bring a fusion of expertise. Through collaboration a design can surpass expectations. Comfort is one thing we never compromise on and we promise you'll appreciate the difference of how a genuine Stressless® feels.

We have a long history of challenging the conventional way of making furniture. Understanding the science of comfort and movement whilst seated, has fueled our innovative spirit and desire to design the most comfortable, unique furniture in the world. The result is the perfect combination of comfort, quality and iconic design.

shown in Calido Light Grey/Whitewash.

With a human touch.

At Stressless® we've built on our experience since 1934. Our heritage of furniture making combined with innovative production methods ensures the highest levels of quality.

Robots usually take on repetitive operations. Their strengths lie within the precise functions they perform – the same way and every time. But the human touch and skilled craftsmanship is of the utmost importance for the delicate details and features that are tailor-made for you. We select high quality materials and use environmentally friendly processes to create the ultimate furniture that will last for many years to come.

The innovators of Comfort™

Under the surface of supple leather and beautifully soft fabric lies true engineering genius. From multifaceted sets of springs to foam that contours to your body, every feature contained within Stressless® furniture is expertly designed to bring you an unbeatable feeling whilst seated.

RIGHT SIZE MATTERS. Optimal comfort is also about correct size. Most of our recliners therefore come in up to three sizes for you to find the perfect fit.

SUPPORT YOUR BACK. Whether you sit up or lie down, the Plus™ System provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement, allowing you to make those comfortable moments even better.

FIND YOUR BALANCE. with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. Although subtle, these movements provide a fantastic feeling whilst seated.

PUT YOUR FEET UP. Whether you choose a separate footstool or our unique LegComfort™ system, elevating your legs takes that feeling of comfort to new heights. A separate footstool with angle adjustments allows for maximum freedom of position according to your body size. The comfortable LegComfort™ system is elegantly concealed beneath the seat. A light touch of a button elevates the concealed footrest providing the perfect support for your legs.

COMFORT IN ALL POSITIONS. When sitting down, ErgoAdapt™ provides a sumptuous sit and total comfort with a seat that automatically adjusts to your position and smallest movements. When lying down the sofa adapts and returns to the ideal flat position.

DINE IN COMFORT. Our dining chairs have a flexible seat and back, offering a variety of seat positions for increased comfort. This unique comfort allows you while away the hours with friends and family in the most delightful way.

DINING

It's time to sit down together.

The dining area is often the heart of your home. A place where you can enjoy the company of friends and family hour after hour.

Although enjoyable in spirit, these long hours can put a strain on your body. Your body's natural response is to move around. Stressless® dining chairs work with the body, not against it. With a flexible seat and back, they follow your body's movements in a unique way, and offer a variety of positions for total comfort. With Stressless® dining chairs you can enjoy a long evening in comfort.

Stressless® Madeira T200 Table
shown in Walnut.

Stressless® Laurel Low D400 chair
shown in Ivy Light Grey/Matt Black.
Stressless® Madeira T100 Table
shown in Black.

The unique Stressless® dining chair responds to your body's movements and automatically adjusts the seat and back position, without levers or handles. When you lean forward, the seat angle reacts to your movement and immediately reduces the pressure under your legs while supporting your back. If you want to completely relax, you can lean back. The seat will slide forward providing an open and supremely comfortable sitting position.

The chairs are customisable and come with high or low back options in four seat cushion variants. They can all be customised in a myriad of fabrics and leathers. The chairs also have leg options in a variety of design in either wood or steel, allowing you to select the design that fits your style and decor.

RECLINERS

It's time to relax.

We all need some personal space aside from the hustle and bustle of everyday life. Simply putting your feet up and having some you time has an incredible effect on reducing everyday stress and letting you recharge. Crafting comfort since 1934 has taught us that comfort is a highly personal experience. Many of our recliners come in three different sizes, so you can find your perfect fit. This bespoke and tailor-made element makes Stressless® truly unique.

Support your back.

Whether you sit up or lie down, the Plus™ System provides optimal comfort and support for your head and lumbar region. The sleep function is activated with a simple hand movement to make your comfortable moments even better.

It's time for me.

Style and comfort are individual. It's only natural since we all come in different shapes and sizes. Four different bases are available for our recliners, Classic, Signature, Star and Office Base. Most Classic and Signature chairs come in three different sizes.

Put your feet up.

Whether you choose a separate footstool or our unique LegComfort™ system, it takes that feeling of comfort to new heights. A separate footstool adjusts to your movements for the ultimate comfort. The comfortable LegComfort™ system is elegantly concealed beneath the seat. A light touch of a button elevates the concealed footrest, providing the perfect support for your legs.

Stressless® Paris High back with footstool
shown in Paloma Copper/Chrome.
Stressless® Urban table.

Stressless® star base models are a nod to mid century design with three different back options – high back, low back and an adjustable headrest.

The high back models offer all the usual comfort features, while the low back versions invite you to gather with friends and family. Height adjustable designs allows you to increase the length of the back by up to 10cm, offering true personal comfort contained within iconic good looks.

SOFA

It's time to lean back.

When buying a new sofa, many people will begin with design, colour, fabric and size. Aesthetics are important but great design is so much more than what meets the eye. Stressless® furniture goes beyond the surface. We focus just as much on the functionality and comfort. How you sit, how the sofa adjusts to you and the feeling of complete well-being. This is what makes the difference between a good seat and a fantastic one.

To all our sofas you will find a complimentary Stressless® recliner to make your living room complete.

Table Top Whitewash.

Stressless® Stella with **headrest** and **footstool** shown in Paloma Copper/Matt Black.

Take comfort to another level.

Lean back, loosen your shoulders and feel how your whole body relaxes. Whether reading the paper, entertaining friends or just closing your eyes and taking a well-deserved time out, a good sofa will help you appreciate this valuable time even more. Enhance the feeling of total balance and subtle rocking motions with BalanceAdapt™. These subtle movements really heighten the comfort.

The modular sofas Stressless® Stella and Stressless® Bella adapt to both your living room and your seating position. The built-in BalanceAdapt™ system allows the seat to move with you. Recline, lean forward, lay down, put your feet up and feel how the soft and generous seat adapts to your every movement. When the occasion calls for just a regular sofa, you can easily lock the function to stop the seat from moving.

Stressless® Emma E200 shown in Lina Beige.
Stressless® Tokyo with adjustable headrest shown in Lina Beige/Matt Black.

A sumptuous sit.

The Stressless® Emma sofas with ErgoAdapt™ adds optimum comfort and increased flexibility to your sofa solution. When sitting down, ErgoAdapt™ provides a sumptuous sit and total comfort with a seat that automatically adjusts to your position. When lying down the sofa adapts and returns to the ideal flat position. Stressless® Emma gives you the opportunity to design your own style. Choose between three different armrests, two cushion designs and sizes and configurations that fit your home. Together with our options in legs and upholstery you have the opportunity to create a tailor-made, unique design.

Add even more luxury with the motorised end-modules. With a single finger movement you adjust back, seat and integrated leg support to find your favorite position.

The new motorized end-modules will be available during 2019.

Power your relaxation.

Designed and built for comfort, the Stressless® Mary sofa has gentle curves and a generous look that never goes out of style. Its cushioning is extra supple and comfortable, offering a soft landing after a hard day. Stressless® Mary matches exquisitely with our Stressless® Mayfair recliner, which has been one of our best-selling recliners through the decades. The design match is completed by offering the same large range of leather, fabric and colours.

Stressless® Lucy 3 seat shown in Paloma Light grey.
Stressless® Skyline (M) Signature
shown in Paloma Light Grey/Walnut.

The retro modern Stressless® Lucy adds elegance to its surroundings. A closer look will reveal exclusive details like piping on the soft cushioning and elegant characteristics on the armrests. Stressless® Lucy is the perfect match for the recliners Stressless® Metro and Stressless® Skyline completing the design look in your living room.

Be embraced.

Sleek lines with a modern and inviting look gives Stressless® Emily an embracing appearance. With its streamlined silhouette it will blend in and fit any home and style.

All seat modules come with an adjustable headrest, either with fixed seat-back or fitted with motors for personal adjusting of back and leg support. Choose between two slim armrests in either steel or wood. Stressless® Emily is complimented by Stressless® Tokyo and Stressless® View recliners.

It's time to create.

Visit your local retailer or explore our endless opportunities at [Stressless.com](https://www.stressless.com). You can also download our Stressless @Home App and create your own favourite furniture.

RECLINERS

Browse stressless.com and find your perfect recliner. If you are looking for a specific style you can choose between our six different base designs to explore the variant you prefer.

RECLINER FUNCTIONS

All our recliners have the unique Plus™ System and Glide™ system so you can lean back and get a comfortable reclining position in an effortless manner. If you want to add the BalanceAdapt™ system or choose an integrated LegComfort™ over a separate footstool, you will be able to filter these choices.

HIGH OR LOW BACK

Much of our chairs come with both a high back and a low back option. With Stressless® the choice is yours.

SOFAS

Customise your sofa to fit your living room. Choose between a wide variety of our sizes and modules.

SOFA FUNCTIONS

Choose the functionality that fits your needs. A fully reclining Plus™ System sofa, a tilting BalanceAdapt™ sofa or a sofa with ErgoAdapt™ system that gives you that little extra comfort for both sitting and lying down.

ARMRESTS

Some of our designs allow you to choose between different armrests, all of them have various options when it comes to material and shape of legs. Together with our leather and fabrics you will be able to design a sofa according to your personal taste.

DINING

Design your own dining chair by choosing between our many leg options in wood and steel. All of our dining chairs come with both high and low back, you can choose either one, or create your own mix. To make the dining area even more comfortable we have also designed Stressless® dining sofas.

All great choices, naturally.

Being one of the world's largest premium furniture manufacturers comes with responsibility. All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment. Here, we work alongside recognised international institutions to ensure that we are always up-to-date.

Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards here, so that you always make a great choice – regardless of texture, softness, color and how you want the leather to look and feel. Today and tomorrow. For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

Fabrics that stand the test of time.

Fabric comes in a wide variety. It also comes down to personal choice. And in order for you to get exactly what you want, there are some choices to make: fabric, style, pattern, maintenance and how it will stand the test of time to name but a few.

Fabric is highly personal, but one thing is certain: nothing is left to chance in our textile collection. Before getting approved, each textile is put through some of the most rigorous quality tests in the industry. All textiles have to meet high demands of durability, light sensitivity, fire safety and environmental friendliness. Choose from a wide variety of colors and qualities, and find what goes with your interior style. Your Stressless® dealer will help you find your perfect fit.
